Hi Kristen,

Loretta will send you some pictures in the morning and call you to explain them. The aeration lagoons are currently receiving sanitary water as they are looking at doing some liner repairs to STP-1 and wanted to keep the sewer water out. Effluent from the MPPE is going to the STP-1.

Thanks,  
Ed

Hi Ed,

Could you please send photos of where the pond overflowed over the weekend? Or include them with the C141 report when its submitted. Are the ponds still being used?

Thanks,  
Kristen
