Subject: Approved - Extension Request for Response to NOV

Ann,

Per our conversation this morning, Western Refining Southwest, Inc. (Western) has requested an extension of the June 6, 2016 date to respond to the New Mexico Environment Department's (NMED's) Notice of Violation (NOV), dated April 20, 2016.

NMED hereby grants the requested extension to allow Western adequate time to investigate the alleged violations, gather documents and additional information and schedule a meeting to discuss the NOV with the NMED. Western must complete the actions outlined in the NOV no later than **August 5, 2016**.

Please don't hesitate to contact me should you have any questions.

Sincerely,

Katie
