Dear Mr. Knight:

The New Mexico Environment Department (NMED) issued the document *Approval with Modifications, Accelerated Corrective Action Work Plan, SWMUs 121, 122, and 123, Stallion Asphalt Tanks*, dated July 8, 2020, to the U.S. Army White Sands Missile Range (Permittee). The letter incorrectly states that the Permittee must submit an investigation report summarizing the results of implementation of the Work Plan no later than January 31, 2020. The correct submittal date for the investigation report is **January 31, 2021**.
